# The New NGX Clamp Edge System

**Set It. Clamp It. Cut It.** Get track saw-like results with your circular saw. The NEW NGX Clamp Edge System has our patented one-sided set, clamp, and adjust technology. It has larger clamping pads and a non-chip strip to eliminate tear-out, setting it apart from our original WTX saw guide system.

## NGX Saw Guide System

Get track saw-like results with your circular saw.

### NGX Clamp Edge™ Saw Guide

Break down boards and sheet material with professional-level accuracy and speed.

SKU	Description
544024	24" NGX Clamp Edge™
544036	36" NGX Clamp Edge™
544050	50" NGX Clamp Edge™
544100	100" NGX Clamp Edge (50"+50")

### NGX Clamp Edge™ Extension

Cut material of any size by attaching the NGX Clamp Edge™ extension to your saw guide.

SKU	Description
544035	25" Extension with Connectors
544060	50" Extension with Connectors

### NGX Saw Plate and Non-Chip Strip **NGX**

544001

Ensures every cut is straight and clean—no more wavy lines or tear-out.

### NGX T-Square Attachment **NGX**

544002

Squares the NGX to your board for table saw-like accuracy every time.

### Track Clamps **NGX** **WTX**

542011

Easily make angled cuts with the NGX and WTX Clamp Edge™ system.

### Rip Guide with Saw Plate

544008

Rip sheet material down to size without drifting while you cut.

Compatible with **NGX**

Compatible with **WTX**

## WTX Saw Guide System

Say goodbye to wavy, crooked cuts with the WTX Clamp Edge™ saw guide system.

### WTX Clamp Edge™ Saw Guide

Easiest way to cut straight lines, eliminate waste, and produce more professional projects.

SKU	Description
543024	24" WTX Clamp Edge™
543036	36" WTX Clamp Edge™
543050	50" WTX Clamp Edge™
543100	100" WTX Clamp Edge (50"+50")

### WTX Clamp Edge™ Extension

Cut material of any size by attaching a WTX Clamp Edge™ extension to your saw guide.

SKU	Description
542035	25" Extension with Connectors
542060	50" Extension with Connectors

**Saw Plate** NGX WTX  
544006

Increases precision and accuracy to get straight, true cuts every time.

**Router Guide** NGX WTX  
542005

Get straight, accurate dados, rabbets, and mortises every time.

**Jig Saw Guide** NGX WTX  
542009

Easiest way to maintain control of your jig saw.

**MiterX Angle Duplicator**  
530401

Perfect miters every time. Match any inside or outside angle in three simple steps.

**QuickCut™ Circular Saw Cutting Guide**  
530416

Versatile, easy-to-use handheld cutting guide for measuring and marking.

## Miter Saw Stands and Sawhorses

From the job site to the garage, there's a workstand for any location or application

**Tool Mounts**  
PM-7002  
Attach these miter saw mounts to power tools to easily switch them out.

**Miter Saw Stand Wheel Kit**  
PM-4004  
Improve maneuverability, stability, and safety with this attachable wheel kit.

**DIY Folding Miter Saw Stand**  
PM-3600  
Perfect for the DIYer and part-time woodworker to work in any space or location.

**Rolling Miter Saw Stand**  
PM-3900  
Durable and lightweight miter saw stand with wheels for easy portability.

**Portable Folding Miter Saw Stand**  
PM-4000  
Contractor-grade portable miter saw stand made for the toughest job sites.

**Portacube STR Miter Saw Workstation**  
PM-8000  
Functions as miter saw stand and workstation. Rotate the table top to use your miter saw and flip it back to put it away.

- Expands to provide up to 7 ft. (2.1m) of working space.
- Great for small work spaces
- 10-inch (25.4 cm) easy-roll wheels

**Speedhorse™**  
PM-4500  
Set up your workspace in 1.6 seconds with the world's fastest sawhorse. 1500 lbs. (680kg) weight capacity per unit.

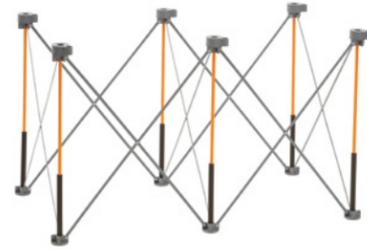

**Steel Heavy-Duty Folding Sawhorse**  
PM-3300  
This lightweight, portable sawhorse is ideal for woodworkers and DIYers of all skill levels. 500 lbs. (227kg) weight capacity per unit.

# Centipede Workbench

Instantly create a moveable custom workspace that's lightweight, portable, and durable.

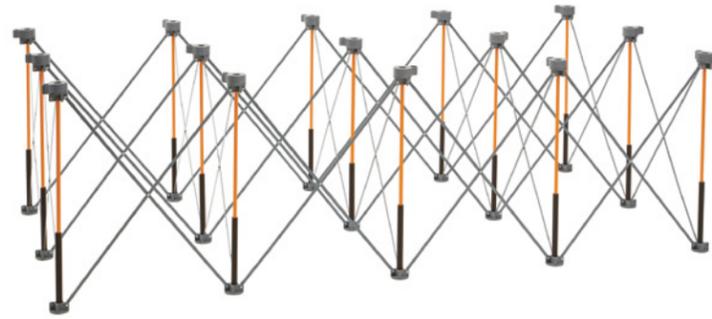

**Centipede 2' x 2' Workstand**  
CK4S  
1500 lbs. (680kg) weight capacity.

**Centipede 2' x 4' Workstand**  
CK6S  
2500 lbs. (1134kg) weight capacity.

**Centipede 4' x 4' Workstand**  
CK9S  
3500 lbs. (1588kg) weight capacity.

**Centipede 4' x 8' Workstand**  
CK15S  
6000 lbs. (2722kg) weight capacity.

**New!**  
**Workbench Top**  
CK22T  
2 ft x 4 ft 3/4 in. MDF top with standard 3/4 in. dog holes.

**Hooks**  
CA0402

**2x4 Bracket**  
CA0202

**Quick Clamps**  
CA0302

**Universal Carry Strap**  
CC0001

**Non-Slips**  
CA0606

**Risers**  
CA0506

**Carry Bag**

SKU	Description
CC0100	Carry Bag, up to 6S
CC0200	Carry Bag, up to 15S

## Mobile Bases

Open up the workshop for better productivity, improved organization, and increased mobility.

**Workbench Caster Kit**  
PM-900

Heavy-duty brackets and rock-solid foot levers help mobilize your workbench.

**Customizable Mobile Base**  
PM-1100

Mobilize machines with non-traditional dimensions. Supports up to 400 lbs.

**Universal Mobile Base**  
PM-1000

Make the most of small shop space. Supports machines up to 400 lbs.

**Heavy-Duty Adjustable Mobile Base**  
PM-2500

The most popular BORA mobile base. Supports machines up to 650 lbs.

**Super-Duty Mobile Base**  
PM-3500

Move even the heaviest equipment at the touch of a finger. Supports up to 1500 lbs.

**Super-Duty All-Swivel Mobile Base**  
PM-3550

Four omni-directional wheels make it easy to move any equipment. Supports up to 1500 lbs.

**Mobile Base T-Extension**  
PM-3245

Expand existing PM-3500 or PM-3550 mobile base to accommodate 30-53" fence systems.

**Mobile Base Extension Rails**  
PM-3036

Expand size of BORA mobile bases with heavy-duty extension rails. Expand PM-3500, 3550, 3800 with heavy-duty extension rails.

**Mobile Base Extension Rail Kit**  
BK1218

Expand PM-1000 and PM-2500 to accommodate larger machines

**New!**  
**High-Clearance Super-Duty All-Swivel Mobile Base**  
PM-3800

Easily move heavy machines over cracks, cords, and uneven terrain. Supports up to 1500 lbs.

Visit [Boratool.com](http://Boratool.com) to find out which base is right for you.

## Clamps and Workshop Accessories

Extreme clamping pressure and easy-to-use design perfect for DIYers and woodworking professionals.

### Pistol Grip Clamp

Ratcheting function provides strong, beefy pressure to keep projects and glue-ups in place.

SKU	Description
570412	12" Pistol Grip Clamp
570424	24" Pistol Grip Clamp

### Spring Clamp

Ideal for gluing, sanding, or any project that needs a guaranteed tight hold to complete work.

SKU	Description
570603	3" Spring Clamp, pair
570604	4" Spring Clamp, pair

### Corner Clamp

551025

Easiest way to ensure material is held together at a perfect 90-degree angle.

### Parallel Clamp

Rigidly clamp down case goods and other woodworking projects with rock-solid stability.

SKU	Description
571112	12" Parallel Clamp
571124	24" Parallel Clamp
571131	31" Parallel Clamp
571140	40" Parallel Clamp
571150	50" Parallel Clamp

### Lever Clamp

Fast-action clamping makes them the ideal choice for project setups and glue-ups.

SKU	Description
571006	6" Lever Clamp
571012	12" Lever Clamp
571024	24" Lever Clamp

### Mini Spring Clamps - 20-pc Set

540520

Fit where standard size clamps can't to ensure clamping power in small, tight spaces.

### Drill Press Vice

551027

Securely grips material without marring it to prevent any slippage or movement.

### Pocket Tool Roll

503110

Easiest way to store and safely transport small hand tools.

### Wooden Woodworking Mallet

540049

Delivers precision and comfort for exceptional striking power that won't damage materials.

### Router Motor

PM-P254

3 1/4 HP, variable speed. Includes 2 offset wrenches.

### Sharpening Stone

The easiest way to keep chisels, knives, and other edge tools at their sharpest.

SKU	Description
501098	6" Green Silicon Sharpening Stone
501060	8" Aluminum Oxide
501057	6" Aluminum Oxide

## Workshop Accessories and Material Support

No workshop is complete without the right products to help you achieve professional results.

**96-pc Drill Bit Set**  
PM-1250

Features all the essential woodworking drilling and driving bits to finish projects quickly and easily.

**300-pc Drill Bit Set**  
PM-1350

Equips professionals, hobbyists, and DIYers with every bit they need for indoor and outdoor projects.

**Conveyor Roller**  
PM-2700

Versatile equipment that functions as a portable outfeed table or dolly.

**Panel Carrier**  
PM-1800

Easily move large sheets and panels across the shop. Flips up to function as table saw feed stand.

**Pedestal Roller**  
PM-5090

Provides stable outfeed support and freedom of movement when using a table saw. 150 lbs. (68kg) weight capacity.

**Tri-Function Pedestal Roller**  
PM-5093

Offers 3 kinds of support as a portable outfeed table. 150 lbs. (68kg) weight capacity.

### Wood Rack

Ideal for workshops, sheds, garages, or any area where long items need to be stored neatly. 110 lbs (50kg) weight capacity per level. (660/440 lbs total.)

SKU	Description
PBR-001	6-Tier Wood Rack
PBR-004	4-Tier Wood Rack
